

Halfway from where to where?

Getting back into the community is tough, but you are up to the challenge. You have plans and goals **but you need support.**

You want to deal with mental health issues. You want to stay clean and sober. You want to learn to be independent. You want to hold down a job or get an education. You want to reunite with your family.

The good news is that these things can be done with the supports in our halfway home.

Dorchester House is for men with mental illness like bipolar, schizophrenia or severe depression. We host 8 residents. It is a big old house in a good neighbourhood. Everyone helps with chores and in the kitchen. We have TV, work out space, a garden, even a BBQ. Sometimes we have a dog. Staff are in the house 24/7. There are some programs in-house and we help you get out to others.

There are some rules. Some are set by parole, probation or your doctor. Other rules are the kind that all good families have: respect, honesty, trying your best, helping others. There is freedom too: visits with family, sweats and ceremonies, time to work on *your* goals.

The balance of rules and freedom helps you get ready for successful independent living.

Who we are

United Church Halfway Homes started nearly 50 years ago. We have a good reputation because we have helped hundreds and hundreds of men and women make a better life. We have 3 homes in Winnipeg, all on Treaty 1 Land and the home of the Metis Nation.

488 Dominion Street, 10 beds for men
794 Dorchester Avenue, 8 beds for men
739 McMillan Avenue, 8 beds for women

We respect all faith traditions.

Ask your parole officer or case worker for a parole application.

Do it early in your sentence because it takes months to be considered.

Contact us anytime.
